KREMA

Krema 340 Series Automatic Coffee Machine

Best for

- Premium coffee in compact spaces
- Boutique workplaces and smaller teams
- Meeting rooms and office kitchens
- Café-style coffee without complexity

Big coffee experience in a compact footprint

The 340 Series is designed for workplaces that want premium coffee without sacrificing space. Compact, stylish, and easy to use, it delivers café-style drinks with consistency and convenience. Perfect for smaller teams, meeting spaces, and office kitchens.

Designed for effortless daily coffee

Employees can choose from a wide selection of popular coffee styles using the easy touch-screen interface. The integrated fresh milk system creates smooth, barista-style drinks with minimal effort.

Automatic cleaning functions help keep daily maintenance quick and simple.
