### Unlocks Iced Latté feature of the Krema 400 Series Coffee Machine

The Krema Ice Maker delivers a simple upgrade. By enabling the Iced Latté function on the Krema 400 Series Automatic Coffee Machine, it brings a café-style iced coffee into the workplace, a refreshing, often preferred afternoon option.

Simply add ice to a cup, then select Iced Latté on your Krema 400 Series machine. Delicious, consistent results, every time.

Employees can also personalise their drink with vanilla, caramel, or hazelnut syrups. All available for purchase from Krema.

Designed to integrate easily, the Krema Ice Maker delivers a steady supply of clean ice with minimal effort – upgrading the coffee offering without adding complexity.
